Elective(s)*		2-4	2-4	Pass/Fail
Total Required Credits for Year 3			46	
YEAR 4				
Sub-Internship in Internal Medicine or Sub-Internship in Surgery or Sub-Internship in Pediatrics	MDCI 8001 MDCS 8002 MDCP 8003	4 4 4	4** 4 4	H/HP/P/F H/HP/P/F H/HP/P/F
Research if not completed in Year 2	MDR 9000	4	4	Pass/Fail
Minimum Weeks - Electives* or Electives plus Research		24	24**	
Match and Transition to Residency	MDF 9009	2	2	Pass/Fail
Total Required Credits for Year 4			30	

*Elective Courses (9001 - 9499 Internal; 9500 - 9999 Away). Clinical Electives that involve direct patient care are assigned course numbers MDCX, where X designates the clinical discipline. Clinical Electives without direct patient care are assigned course numbers MDEX, where X designates the clinical discipline. See elective spreadsheet by class.

** Students must complete a minimum of 28 weeks of required and elective experiences: a four-week sub-internship plus 24 weeks of electives (or 20 weeks of electives and four (4) weeks of required research if not completed in the Year 1 summer break). There are an additional 12 weeks in the schedule for residency interviews, vacations, or additional electives. Students in the Charter Class were offered up to 10 weeks of electives during Year 3 because of the COVID 19 delay of the start of required clerkships. See elective spreadsheet by class.
